

QA: Doesn't Science Disprove Creation? Part 1 by [John T Polk II](#)

All Scriptures and comments are based on the **New King James Version**, unless otherwise noted.

QUESTION: Doesn't scientific law disprove God's involvement in Creation?

ANSWER: NO. Scientific fact(s) prove "God's involvement in Creation," as clearly stated in [Genesis 1&2](#).

1. **Fact: LIFE ONLY CAN COME FROM LIFE. No non-living thing has ever produced life!** "Test tube" life requires something living in the tube before the experiment began.
EVOLUTION starts its' theory with non-living matter and claims that, if it hangs around long enough, life will occur! Adding "time" to the fake "science" cannot inject "life" into the result! *There never has been found any mixture of elements that produce life!*
BIBLE: "In the beginning God created the heaven and the earth" ([Genesis 1:1](#)). And it was:

... the living God, who made the heaven, the earth, the sea, all all things that are in them. ([Acts 14:15](#))

This is "God who gives life to all things" ([1 Timothy 6:13](#)). No living God, no life!

2. **Fact: COLORS & BEAUTY ARE NOT NECESSARY FOR LIFE.**
EVOLUTION teaches survival of the fittest, but not the prettiest.

"Beautiful" is not necessary for survival, nor are "colors." These concepts require aesthetic judgment, which is nonessential for pure survival. "Survival of the fittest," term made famous in the fifth edition (published in 1869) of *On the Origin of Species* by British naturalist Charles Darwin, which suggested that organisms best adjusted to their environment are the most successful in surviving and reproducing. (www.britannica.com)

On the Origin of Species (1859): There is grandeur in this view of life . . . from so simple a beginning endless forms most beautiful and most wonderful have been, and are being, evolved."(www.oxfordre.com)

[He also wrote:] The great variability of all the external differences between the races of man, likewise indicates that they cannot be of much importance; for if important, they would long ago have been either fixed and preserved, or eliminated. (p 229, *ibid*).

Beauty, as nonessential to survival, would have been eliminated by Evolution!

Bible: Contrast that with, "He has made everything beautiful in its time" (**Ecclesiastes 3:11**). The myriad of colors seen in birds, flowers, fish, sunrises & sunsets, and animals, tell of Creation by God who wanted all people to appreciate the splendor of our World.

Evolution as taught is a God-less creation but it has absolutely no, nil, nada, scientific fact to support it! It is taught, however, as if it were "science," and as taught, it causes unnecessary conflict in people's faith in God!
